

Congress of the United States
Washington, DC 20515

March 14, 2018

Dear Colleague,

The Congressional Neuroscience Caucus would like to highlight an invitation that you should have received by now from the Society for Brain Mapping & therapeutics (SBMT) to attend the 7th Annual Brain Mapping Day briefing on Brain Health, Discovery, Innovation, Addiction and Violence. The briefing will focus on a broad spectrum of cutting edge neuroscience research, advance clinical trials, and technologies that will improve the lives for Americans with neurological and psychological disorders.

When and Where:

Wednesday, March 21, 2018, 11:00 AM to 2:00 PM
Rayburn House Office Building, Room 2168 (The Gold Room)

Moderated by:

Babak Kateb, MD | Chairman of the Board of Society for Brain Mapping and Therapeutics | President of Brain Mapping Foundation | Director of Brain Technology and Innovation Park | Director of National Center for NanobioElectronics | CEO of Smart Micros-copy Inc. | Chairman Neuroscience-20+/G20 Summit World Brain Mapping and Therapeutics Initiative |

Topics and Panelists:

11:20-11:30 AM: *Opening Remarks by Neuroscience Caucus Co-chairs*

- **Chairwoman Cathy McMorris Rodgers**, U.S. Representative for Washington's 5th Congressional District
- **Honorable Congressman Earl Blumenauer**, U.S. Representative for Oregon's 3rd Congressional District

11:40-11:50 AM: *Violence, Compassion, and the Brain*

- **Jeremy G Richman, PhD**, Founder & CEO, The Avielle Foundation

11:50 AM - 12:00 PM: *Using Innovation to solve National Opioid Crisis*

- **Daniel P. Sipple, DO, FABMR, DABP, MD**, Apple Valley Medical Center (Minnesota)

12:00-12:10 PM: *Democratizing Brain Health through Endobody Vaccines*

- **Lou Reese**, Co-founder and Member of the Board of Directors of United Neuroscience

12:10-12:20 PM: *Cost of Neurological Disease to the US Economy*

- **Venkatraman (Venkat) Sadanand MD, PhD, FRCSC, FACS, FAAP, FAANS**, Associate Professor and Attending Pediatric Neurosurgeon, Department of Neurosurgery Loma Linda University Health System (California)

12:20-12:30 PM: Neurotechnologies and Neuroventures: How to Use American Innovation and Philanthropy to Reduce Costs, Increase Efficiency and Improve Outcomes in Healthcare

- **Daniel J. DiLorenzo, MD, PhD, MBA**, Assistant Professor, Neurosurgery, Loma Linda University, and President, Barinetics Corporation

12:30-12:40 PM: Application of Predictive Modeling and AI for Stroke

- **Sean Pakbaz, MD**, Founder of Grow My Way and CEO of Bed Side Viewer

12:40-1:20 PM: Q&A and Panel Discussion Moderated by:

- **Babak Kateb, MD**
- **Ken Green, DMD**, Commander, US Navy (Retired), Vice President of Brain Mapping Foundation

Please send RSVP to Dr. Ken Green at ken.green@worldbrainmapping.org and for more information please visit <http://worldbrainmapping.org/legisaltion-and-initiatives/7th-annual-brain-mapping-day>. I hope that you will be able to join us for this conversation.

Sincerely,

Cathy McMorris Rodgers

Member of Congress

Co-Chair

Earl Blumenauer
