

## Annual World Congress of SBMT

---

### Trespassing Violation Clause:

Trespassing at the Annual World Congress of SBMT2024 is strictly prohibited. Everyone is expected to respect the boundaries of the SBMT's premises. Any unauthorized entry or access to SBMT contracted property will be considered a violation of SBMT policy. It may result in disciplinary action, including termination of exhibition, attendance, or affiliation.

Staff, Fellows, Interns, or Volunteers who become aware of any unauthorized access or entry to SBMT contracted property must immediately report it to their supervisor or the SBMT's management. Failure to report such incidents may also result in disciplinary action.

Any Staff, Fellows, Interns, or Volunteers who are found to have aided or abetted in an unauthorized entry or access to SBMT contracted property may also be subject to disciplinary action. Including providing access codes, tickets, keys, or other means of entry to individuals who are not authorized to enter SBMT contracted property.

The SBMT takes trespassing violations seriously, as these incidents can compromise the safety and security of the SBMT and the safety of staff, fellows, interns, volunteers, presenters, guests, and attendees.

The penalty for trespassing - faulty entrance or sneaking in, is \$3600.00 daily. The liability for false documentation will be \$5000.00. The organization reserves the right to act against the individual and the institution they represent.

The Annual World Congress Secretariat and Organizers cannot accept liability for personal accidents, nor loss of or damage to private property of participants, either during or directly arising from the Annual World Congress of Society for Brain Mapping and Therapeutics. Participants should make their arrangements concerning health and travel insurance.
