ABOUT

Society for Brain Mapping and Therapeutics

SBMT was founded in 2004, as International Brain Mapping & Intra-operative Surgical Planning Society (IBMISPS). The name was aimed at the international nature of the organization, its clinical and basic science approach toward brain mapping and image guided surgery/therapeutics.

It promotes policies that support rapid, safe, and cost-effective translation of new technologies (diagnostics and therapeutics) into clinical neuroscience (Brain, Spine and Mental Health)
